

Coronaviruuus Update

March 12, 2020

Coronavirus (COVID-19)

We are concerned about the impact Coronavirus (COVID-19) may have on our community. We rely on information from the Centers for Disease Control, the Illinois Department of Public Health and DuPage County Health Department to make decisions regarding our programs and services.

We ask you to help keep our community healthy:

- Stay home if you are sick.
- Cover coughs and sneezes with a tissue or your elbow.
- Avoid touching your face, especially your hands, nose and mouth.
- Wash your hands often with soap and water.
- Maintain a distance (approximately 6 feet) from others when possible.
- When visiting the Library, use a wellness wipe (available near our adult and youth computers) to clean surfaces before and after you use them.

Now is a great time to use your WPLD library card to access our online resources including downloadable ebooks, audiobooks, magazines, music and movies.

As of 5 pm, Thursday, March 12, we are taking the following steps out of an abundance of caution:

- Increase the frequency cleaning of "high touch" surfaces
- Suspend the Book a Librarian service
- Suspend the Homebound Delivery service

We are prepared to make further adjustments to our programs and services in the coming days if needed. Information will be posted here as it becomes available.

Please visit one of these sites for more information about Coronavirus (COVID-19):
