 Approve Intergovernmental Agreement By and Between the City of Warrenville and the Warrenville Public Library District Regarding Subdivision Land Dedications and Cash Contributions in Lieu

Director Whitmer stated this is simply an intergovernmental agreement to incorporate parts of the existing distribution process for developer contributions. The IGA will simplify the request process by incorporating hold harmless and indemnity language currently required as separate documentation for each distribution request submitted to the City.

The Library's attorney reviewed the IGA and has no concerns.

MOTION: Trustee Ruzicka moved to approve Intergovernmental Agreement By and Between the City of Warrenville and the Warrenville Public Library District Regarding Subdivision Land Dedications and Cash Contributions in Lieu and authorize Board Officers to execute the agreement. Trustee Stull seconded.

11. Director's Report

Director Whitmer thanked everyone who participated in the July 3 parade. The library was awarded "Best Demonstrates Theme" for a walking unit. The theme of the parade was "Red, White and Blues".

Trustee Lezon donated dog biscuits to hand out during the parade. The remaining biscuits were given to ARF (Animal Rescue Foundation) by Gail Smith.

The Library is supporting a new group, the Warrenville Writers Connection, by providing a meeting space, promotion and support. Warrenville resident Betsy Dudak approached Director Whitmer about hosting this group. Trustee Richardson is also a member.

The paving on the lower level parking lot is completed and sidewalk construction has begun. Director Whitmer reminded everyone to look both ways when exiting the parking lot. Director Whitmer will contact the City to inquire about installing a stop sign.

Director Whitmer met with the insurance broker and has renewed the package insurance, worker's compensation and added a Cyber & Data Breach Liability Policy.

Trustee Picha asked if there is a report on the extended use fees not captured during the parking lot closure. Trustee Warren asked if this forgave long overdue materials. Director Whitmer stated yes, but was only promoted for materials due during the closure period.

The public restrooms backed up during the June 27 concert. Ly Tran, our maintenance custodian, was able to clear the blockage by accessing the cleanout installed near the bathrooms. ServiceMaster reported to Director Whitmer the same thing occurred the week before on a different evening. Staff will now be checking each stall at closing.

Director Whitmer hired Midwest Environment Consulting to test for lead in the library's drinking water. The report came back with readings below the action threshold.

Director Whitmer reported there are two trustees up for reelection in the April 2, 2019 election. More information may be available next month.

Director Whitmer signed an agreement with Menard Consulting to complete the actuarial valuation report in order to comply with GASB Statement No. 75 for the FY18 audit.

12. Department Head Reports

Director Whitmer put the summer reading participation numbers from last year and to date this year on the white board. As of the same date last year, the adult participation doubled, teens are down and youth is up. Summer reading ends July 31.

When the fourth section of the large puzzle is completed, it will be sealed and mounted on foam core board. Plans are to hang it in the Computer Lab.

Trustee Picha pointed out the total for self-checkout was 44% in June.

Trustee Picha asked about the 17% of total item requests being outgoing book discussion. Director Whitmer stated ILL requests are items members have requested from other libraries including items for the four book discussion groups the library manages requests for. The books for each book discussion are bundled into one bag for pickup, distribution and return by one member of the group.

Trustee Warren asked Lou Carlile how the staff decides which items to withdraw. Mr. Carlile explained Leila Heath, Head of Public Services, has certain criteria and the general rule is an item is withdrawn for every item added. Director Whitmer stated having open space in the shelving also allows for better browsing. Mr. Carlile indicated many of the items withdrawn have gone to new homes in smaller libraries.

Gail Smith stated the Robert Rowe Library in Sheridan received most of the withdrawn duplicate DVDs and is sharing them with other libraries in their area.

13. President's Report

Trustee Picha reported the upcoming meetings and events.

14. Treasurer's Report –

Director Whitmer stated the fiscal year closed out with every fund underspent. Year-end fund balances meet or exceed what was budgeted.

She reported the City of Warrenville reports a balance of \$7,197.36 in developer donations being held for the Library District's use.

MB Financial increased the interest rate on two of the Library's accounts.

- 15. Secretary's Report Trustee Stull reported everything looks good.
- 16. Committee Reports none

17. Trustee Comments

Trustee Warren is concerned with the maple trees growing by the Library's foundation on Stafford Place and reported there are branches rubbing against the building. Director Whitmer stated she will investigate this and agrees the branches need to be trimmed.

Trustee Picha thanked the Board for allowing her to control the parade candy.

Trustee Picha has heard from some of her neighbors who are thrilled with the Monarch display in the library.

Trustee Picha pointed out on page 11 of the financials it indicates only 95% of the budget was spent during FY 17-18. She thanked Director Whitmer and her staff for a job well done.

- 18. Items for Information and/or discussion none
- 19. Adjournment

MOTION: Trustee Warren moved to adjourn the meeting at 8:03 p.m. Trustee Richardson seconded.

Voice vote – all ayes

Absent – Trustees DuRocher and Lezon

NEW BUSINESS Review and Accept Proposal for Strategic Planning Services (ACTION)

One of the Strategic Priorities identified by the Board for Fiscal Year 2019 is

Hire a consultant to work with the Community, Staff and Board to develop a 3-5 year strategic plan.

The Library budget includes \$15,000 for strategic planning facilitation.

Director Whitmer reached out to Sarah Keister Armstrong & Associates after hearing from many libraries speak highly about the services and process that the consulting firm used in their communities.

On the following pages, you'll find a proposal for services. Two potential processes have been proposed. Director Whitmer recommends the Board accept the proposal for Option A, a more thorough approach that will include an analysis of library statistical data and demographic information and a community survey. The cost for Option A is \$15,000.

Sarah Keister Armstrong will attend the meeting to answer your questions.

SUGGESTED MOTION: Accept Sarah Keister Armstrong & Associates Proposal for Strategic Planning Services and authorize the Library Director to execute a contract for the services outlined in Option A of the proposal at a cost not to exceed \$15,000.

Director
Warrenville Public Library District

Warrenville, IL 60555

Dear Sandy:

I enjoyed our recent conversation and learning from you about Warrenville Public Library District's upcoming strategic planning process. Your vision for a strategic plan that is responsive to community needs and input from key stakeholders reflects the way I believe today's library must plan for the future. It is the same approach Sarah Keister Armstrong & Associates has advocated in our many successful strategic planning projects with public library clients. Our backgrounds in data and statistical analysis, quantitative and qualitative evaluation, and planning for public libraries provide us with the expertise to lead successful community needs assessment and strategic planning projects.

These community-based final products have greater potential to make a true impact both within library operations and in how the library serves its community. However, to gather valid input, analyze available data, lead thoughtful reflection on the library's place in the community, and synthesize this information into an action-oriented plan requires diligent, end-to-end service from a skilled consultant. As an intentionally small company that brings a wealth of experience in such projects, Sarah Keister Armstrong & Associates holds a distinct position in the library industry to be able to provide these services.

Enclosed are work plans for two potential strategic planning processes. The first option dives deeply into the community's needs from the library through a full-scale community needs assessment in preparation for planning. The second is a lean process aimed at creating a plan that is responsive to the community on a condensed timetable.

I look forward to speaking more about our process and vision for strategic planning with you and the Board of Trustees. We would relish the opportunity to help your library better understand and serve its outstanding community. Please see our detailed proposal on options for facilitating this process. Thank you for your consideration.

Sincerely,

Sarah Keister Armstrong

ORGANIZATIONAL INFORMATION

Sarah Keister Armstrong & Associates, LLC specializes in community needs assessments and strategic planning, program evaluation, and communications for libraries and nonprofit organizations.

Why Us?

We're library people. We understand the challenges facing today's libraries and the changes in how communities interact with them. We also know that every library is different, and our intentionally small size allows us to provide our clients with customized services and solutions.

Our team is well versed in statistical methods and evaluation processes, including both quantitative and qualitative analyses. This comprehensive background has enabled us to complete actionable projects in a variety of fields, including evaluations of nonprofit program management, library service delivery, and educational and training capacity and learning outcomes. The success of our work stems from our ability to design customized evaluation tools, effectively implement them, and analyze results intended to inform decision-making. This end-to-end servicing of client needs reflects our philosophy of working with clients to meet their needs rather than for clients using pre-packaged evaluation tools and methods.

Key Personnel

Sarah Keister Armstrong has worked in a variety of private, state, and federal government offices and nonprofit organizations. She is experienced in statistical analysis, data collection, and using quantitative and qualitative measures to evaluate public policies and programs. Sarah holds a Master of Public Policy and Administration degree and a Bachelor of Arts degree in Political Science and Sociology and was a recipient of the federal government's prestigious Presidential Management Fellowship. Sarah previously served on the Board of Directors of the Reaching Across Illinois Library System (RAILS) and has presented and published the following:

- Engaging Your Board, Staff and Community in Strategic Planning Presented during the Wisconsin Library Association Trustee Training Week webinar series, August 2017
- Advocacy From the Top: Spring Your Board to Action
 Presentation at the Wisconsin Association of Public Libraries Conference, April 2017

Sarah served on the Fremont Public Library District Board of Trustees (Illinois) from 2013 to 2017, most recently as vice president, and serves in the following leadership roles within her community:

- Director-at-Large, Illinois Library Association
- Co-Chair of the Lake County Youth Empowerment for Success Coalition

Beth Keister also brings a mix of technical expertise and library consulting experience to the firm. After earning a Bachelor of Science degree in Mathematics and a Master of Science degree in Statistics, Beth worked in various technical positions for commercial and non-profit organizations, taught university level mathematics, and consulted with major educational publishers. She has trained the staffs of several libraries and organizations on a variety of software packages and consulted with libraries on creating programs and reports that support daily operations. She also is experienced in using survey design and research methodologies for evaluation purposes.

Dan Armstrong is a skilled information professional with experience working in educational and nonprofit organizations. He is experienced in developing and implementing public relations, community engagement, and social media strategies. Dan holds a Master of Library and Information Science degree and a Bachelor of Arts degree in English-writing and Sociology and has been recognized for his accomplishments in writing and media relations.

Our Philosophy

Our approach to project management actively engages those meaningfully influenced by the project, includes regular communication with project leads, and results in high-quality products that help organizations chart meaningful progress for the future. Our philosophy as a firm is to be lean, results-focused, efficient, and effective for our clients. In working with public institutions, we maintain a strong commitment to fiscal responsibility and accountability to the residents of the communities we assist.

Our approach goes beyond basic transparency to the public and strives to engage all parts of the community as active participants in the process. To do so, we advocate using modern communications tools and innovative strategies, rather than top-heavy and expensive methods often recommended by larger and less nimble firms. In projects such as these, we work not only for the library but also on behalf of the community, facilitating a process that truly serves all. In working with libraries, we tailor our services to the needs, desires, and philosophies of each organization.

QUALIFICATIONS AND EXPERIENCE

We're proud to have led a number of successful strategic planning projects for public libraries with the belief that when their operations are aligned with community needs, libraries can be transformational institutions. Our fresh perspectives and multidisciplinary backgrounds position us to help organizations chart meaningful progress for the future. From initial consultation to design of the planning process and analysis of community feedback, this service reduces the additional responsibilities often assigned to staff during planning processes.

Recent Library Projects

Our modern perspectives on community needs assessments and strategic planning result in straightforward, dynamic documents that will be regularly referenced and updated rather than put away on a high shelf. In all projects, Sarah Keister Armstrong serves as project lead, and Beth Keister and Dan Armstrong provide project support. Some of our past and current clients include:

PROJECT APPROACH AND SCHEDULE: OPTION A

To collect input from the community served by the Warrenville Public Library District during its strategic planning process, we propose conducting a community survey, leading a number of focus groups with key library stakeholders, and holding individual interviews with library trustees. This information will be analyzed and used to inform development of long- and short-term goals for inclusion in the strategic plan. A proposed, flexible timeline is included following the narrative below.

The community needs assessment will include several components:

- Community feedback regarding use (and non-use) of the library;
- Analysis of demographic changes;
- Review of circulation trends and other available organizational data; and
- Comparison of the library's operations with current public library trends.

Together, these components paint a picture of how patrons currently use the library, barriers potentially resulting in non-use or limited use, and what the community desires out of future public library service.

Develop community profile.

A trend analysis of library usage will be conducted using patron counts and circulation statistics and any other available and relevant library usage data. This information, in addition to demographic data, will be used to create a community profile of the library's service area. Secondary data will be collected from external data sources, such as the U.S. Census Bureau and the Illinois School Report Card. The collected data will include commonly referenced demographic characteristics, such as age, income, school lunch data, language, educational attainment, and employment. Longitudinal trends will be analyzed to evaluate whether any significant demographic change exists.

Conduct survey of residents.

A community survey will be designed to not only gauge residents' current use of the library, but also what is desired in future library service. The survey will include questions including, but not limited to, those regarding use (and non-use) of the library; barriers to increased use of the building, services, and programs; use of technology; and the library's collection. Demographic questions such as age, household size, and educational attainment will allow for more detailed analysis of the community needs and usage of different segments of the population, and open-ended questions will provide respondents with opportunities to provide their own unrestricted feedback.

Surveys will be administered via email using the library's existing email distribution list and also can be posted on the library's website and social media networks. Each survey will take respondents approximately five to 15 minutes to complete. We can provide recommendations regarding marketing and communications strategies to achieve an optimal level of engagement, as well as options for reaching non-library users in the community served by the library. It is recommended that a nominal

prize, such as a gift card, be offered by the library to attract attention to the survey and increase the response rate.

In addition, physical copies of the questionnaire can be distributed to avoid alienation of residents who do not use computers or who would prefer to fill out a paper questionnaire rather than an online version. While this method likely will increase the number of responses received, it is important to note that surveys answered within the physical space of the library are generally answered by regular users of the library, diminishing the input of less frequent users and virtual users who primarily use electronic resources. Physical copies of the survey may also be made available to local schools and community organizations for increased outreach. In respect to maintaining fiscal responsibility to taxpayers, we recommend this combination of modern electronic-based survey distribution methods and targeted outreach over time-consuming and costly printed mailers.

Conduct focus groups with key library stakeholders.

We propose conducting a series of five focus groups to solicit feedback from a diverse base of stakeholders:

- Two focus groups with staff members;
- Two focus groups with residents, including adults, seniors, and teens, depending on community interest and availability; and
- One focus group with community leaders, including representatives of local government agencies, schools, businesses, and community organizations.

The focus groups will gather information regarding patterns of usage, use of space, and need for library programs among various stakeholders, as well as serving as a gap analysis to identify circumstances within the community in which the library can fulfill a need. Each focus group will be conducted in a group discussion format and last for up to one hour. When possible, the focus groups will be held at the library and will take place during a variety of hours, depending upon the availability of participants. The library may be asked to lend support in contacting stakeholder groups to participate.

Conduct individual interviews with members of the Board of Trustees.

In addition to the community survey and focus groups discussed above, we propose conducting a series of interviews to solicit feedback from library trustees and the unique perspective that each brings to the library's planning process and observations made as leaders of the community served by the library. Interviews will solicit feedback about community library usage and the library's strengths, weaknesses, opportunities, and threats.

Develop strategic plan.

We will engage trustees and staff leadership in a collaborative process to develop a written strategic plan. To ensure that the plan aligns with identified needs and leads the library forward, we will facilitate conversations that build upon the data collection and analysis completed during the first phase of the strategic planning process.

To facilitate the second phase of the library's strategic planning process, we propose the following tasks:

- Facilitate working session with the Board of Trustees and key library staff to determine
 overarching goals and strategies of strategic plan. The goal of this meeting will be to reach
 consensus on revised goals and strategies of the new strategic plan. Following the working
 session, a draft outline of the strategic plan will be provided.
- 2. Meet with library management team to develop specific action steps and measurable outcomes that will communicate the degree of progress toward the new plan's goals and objectives. We recommend that the management team solicit input from their respective staff teams and use this management team meeting as an opportunity to share promising next steps, discuss potential challenges, and develop concrete actions that will begin implementing the new strategic plan.
- 3. Following these conversations, a full draft of the strategic plan will be submitted to library administration and the Board of Trustees for review and approval.

Please note: Library staff may be asked to provide existing data on library usage, including circulation statistics, patron counts, numbers of cardholders, and programming statistics. Staff with regular marketing responsibilities may be asked to assist in document formatting to align with style standards determined by the library. In addition, staff may be encouraged to distribute written copies of the survey to relevant community organizations, particularly to seek input from underrepresented groups.

Project Timeline

The following timeline is flexible and dependent upon the determined needs of the library.

Month	Tasks
September 2018	 Information gathering, including review of past planning materials, demographic information, circulation data, and othe library usage statistics Develop community survey
October 2018	Conduct stakeholder interviews with trustees Distribute community survey
November 2018	Analyze survey results Solicit focus group participants
December 2018	 Conduct focus groups with key library stakeholders Compile feedback and submit community needs assessment report to library administration and Board
January - February 2019	 Discuss long- and short-term goals with library management, with specific timelines and budgetary restrictions to be determined by library administration Submit draft plan for review by Board of Trustees Work with library administration to design process for writing specific tasks and timeframes

Cost of Service

Sarah Keister Armstrong & Associates sets its fees as total project costs, which include labor, materials used by Sarah Keister Armstrong & Associates, and travel incurred by Sarah Keister Armstrong & Associates. The total project cost of the project approach and work schedule outlined above is not to exceed \$15,000.

The project will be invoiced as follows:

- 30% at contract award;
- 30% at submission of community needs assessment report; and
- 40% at submission of strategic plan to library administration.

PROJECT APPROACH AND SCHEDULE: OPTION B

To collect input from the community served by the Warrenville Public Library District during its strategic planning process, we propose conducting a series of focus groups with library stakeholders and holding individual interviews with library trustees. This information will be analyzed and used to inform development of long- and short-term goals for inclusion in the strategic plan. A proposed, flexible timeline is included following the narrative below.

Conduct focus groups with key library stakeholders.

We propose conducting a series of five focus groups to solicit feedback from a diverse base of stakeholders:

- Two focus groups with staff members;
- Two focus groups with residents, including adults, seniors, and teens, depending on community interest and availability; and
- One focus group with community leaders, including representatives of local government agencies, schools, businesses, and community organizations.

The focus groups will gather information regarding patterns of usage, use of space, and need for library programs among various stakeholders, as well as serving as a gap analysis to identify circumstances within the community in which the library can fulfill a need. Each focus group will be conducted in a group discussion format and last for up to one hour. When possible, the focus groups will be held at the library and will take place during a variety of hours, depending upon the availability of participants. The library may be asked to lend support in contacting stakeholder groups to participate.

Conduct individual interviews with members of the Board of Trustees.

In addition to the community focus groups discussed above, we propose conducting a series of interviews to solicit feedback from library trustees and the unique perspective that each brings to the library's planning process and observations made as leaders of the community served by the library. Interviews will solicit feedback about community library usage and the library's strengths, weaknesses, opportunities, and threats.

Development of Strategic Plan Objectives

The developed objectives for inclusion in the strategic plan will incorporate community input collected through individual trustee interviews and the series of community focus groups. The community feedback, as well as information from current public library trends and input from library administration, will guide the development of the written objectives. Upon completion of the analysis of community feedback, draft goals and objectives will be presented to library administration.

Project Timeline

The following timeline is flexible and dependent upon the determined needs of the library.

Month	Tasks
September 2018	Information gathering, including review of past planning materials, demographic information, circulation data, and other library usage statistics
	 Solicit focus group participants
	Conduct stakeholder interviews with trustees
October 2018	Conduct focus groups
	* *
November 2018	 Compile feedback and submit report to library administration and Board
	Develop objectives for inclusion in strategic plan

Cost of Service

Sarah Keister Armstrong & Associates sets its fees as total project costs, which include labor, materials used by Sarah Keister Armstrong & Associates, and travel incurred by Sarah Keister Armstrong & Associates. The total project cost of the project approach and work schedule outlined above is not to exceed \$5,000.

The proposed cost includes the onsite visits and meetings to conduct focus groups as outlined in the project timeline. Additional meetings with the Board, library administrators, and staff may be conducted via telephone and electronic means at no additional cost.

The project will be invoiced as follows:

- 50% at contract award; and
- 50% at submission of strategic plan objectives to library administration.

NEW BUSINESS Review and Approve Illinois Public Library Annual Report for FY2018 (ACTION)

On the following pages you will find a summary of statistics from the FY2013 through FY2018 annual reports.

The completed annual report form is included on the pages after the summary. ("-1" on the report indicates not applicable.)

The Annual Report filing is due to the Illinois State Library by September 1.

Statistics from this report are forwarded to the Institute of Museum and Library Services (IMLS). IMLS maintains a national database of library statistics which can be used to compare data from multiple libraries. The most recent data sets available are from FY2015.

(http://www.imls.gov/research/public_libraries_in_the_united_states_survey.aspx)

Trustees Warren and Ruzicka were appointed to review the Secretary's Minutes for FY2018 and will report on their findings at the Board Meeting.

"Edit checks" (in red) will be resolved after information about the Secretary's Audit is included and the names of the Director, President and Secretary are added to the report.

Notes, Observations, Explanations – 1 year changes

- Other Income (decrease \$101,230) In FY17, other income included a distribution from the Warrenville Library Foundation and receipt of Developer Donations
- Fund Balance (decrease \$304,374) final expenses for renovation project from Special Reserve Fund
- Several areas (Annual Visits, Programs and Program Attendance, Circulation) are rebounding after declines during the renovation project in FY172

PROGRAMS & ATTENDANCE (15.1 - 15.17)

Programs:

educational information, often designed to meet a specific social need. Examples of these types of programs include film showings; fectures; story hours; A program is any planned event which introduces the group attending to any of the broad range of library services or activities or which directly provides information to participants. Programs may cover use of the library, library services, or library tours. Programs may also provide cultural, recreational, or iteracy, English as a second language, citizenship classes; and book discussions.

sponsored by other groups that use library facilities. If programs are offered as a series, count each program in the series. For example, a film series offered Count all programs, whether held on- or off-site, that are sponsored or co-sponsored by the library. Exclude programs once a week for eight weeks should be counted as eight programs.

Note: Exclude library activities delivered on a one-to-one basis, rather than to a group, such as one-to-one literacy tutoring, services to homebound, resume writing assistance, homework assistance, and mentoring activities.

Passive Programs:

A passive program is any planned event for which the patron can participate on their own (instead of at a designated time with a group). Registration is not required. A staff member may monitor the activity, but may or may not directly interact with the participants. Examples of these type of events include drop-in craft sessions, library scavenger hunts (when not done as part of a group), etc. Count all passive programs, whether held on- or off-site, that are sponsored or co-sponsored by the library. Exclude programs sponsored by other groups that use library facilities. If programs are offered as a series, count each program in the series.

PATRON SERVICES (19.1-19.2)

This section gathers information on services the library provides to its patrons. Please fill in the information requested,

Reference Transactions

Reference Transactions are Information consultations in which library staff recommend, interpret, evaluate, and/or use Information resources to help others to meet particular information needs.

A reference transaction includes information and referral service as well as unscheduled individual instruction and assistance in using information sources (including web sites and computer-assisted instruction). Count Readers Advisory questions as reference transactions.

NOTE: It is essential that libraries do not include directional transactions in the report of reference transactions. Directional transactions include giving library users, or physical features within the library. Examples of directional transactions include, "Where is the reference librarian? Where is Susan Smith? Where is the rest room? Where are the 600s? Can you help me make a photocopy?"

If an annual count is not available, then select a typical week and multiply by 52 to estimate the annual count

Trees on North Side of Building

At the July meeting, Trustee Warren brought up a concern that the maple trees planted on the north side of the building (along Stafford Place) have root systems that may damage the building's foundation. He suggested it might be necessary to remove the trees to avoid expensive repairs in the future. I contacted Hitchcock Design Group and sent an email about the concerns with photographs of the trees that depict their locations and exposed roots. The following response was received:

We reviewed these photos and the trees are very healthy Red Sunset Maples. The surface roots are not uncommon and in our opinion do not pose a threat to the building foundation. Typical concerns are damage to foundation drains or sewer lines but theses lines are typically below frost and the maple roots are in the top two feet of the soil.

We would suggest that an certified arborist prune some of the lower branches to open the views to the building and to allow more natural light to the struggling turf below.

Geoffrey Roehil, CLARB ASLA

Senior Principal

Jackie and I will do a thorough review of the trees on property, then call a couple of arborists to provide a quote for removal of any dead/dying trees and for pruning of most other trees.

Update: Trustee Election – April 2, 2019

As I reported in July, the next election at which Library Trustees will be elected is the Consolidated Election to be held on April 2, 2019. Two six-year trustee seats will be up for election (currently held by Trustees Lezon and Richardson). The Candidate's Guide can be viewed at

www.elections.il.gov/Downloads/ElectionInformation/PDF/2019CanGuide.pdf. The guide includes important dates, filing requirements and forms. Petitions may not be circulated prior to September 18, 2018. The filing period is December 10-17. The signature requirement for Library District Trustees is 50 signatures or 2% of the votes cast at the last election. For WPLD, there were 2,790 votes cast. 2% of 2,790 is 55.8, so 50 signatures are required. I am interested in hearing the Board's thoughts regarding providing information packets with forms to interested persons or referring them to the online guide. I am contemplating directing interested persons to the Candidate's Guide instead of compiling and distributing packets.

Other Items

- Other than inconvenience, the parking lot closure that was required due to reconfiguration of Mount Street was without incident. (More info is included in Patty Dybala's Member Services report.)
- During Summer Daze, the Library remained open until 5 pm on Friday, August 3 and was open for normal business hours (9:30 am 5 pm) on Saturday, August 4. Statistical and anecdotal information collected by staff will be included in my report next month.
- Jackie completed reports with information required for the actuarial analysis for post employment benefits. The reports were submitted to the consultant.
- Pine Landscaping filled several "ruts" in the detention area. Ly seeded the areas and is watering as needed.

 Jackie and I are gathering documents for the audit and uploading them to an online portal Sikich set up for us. (The auditors will be on site September 20-21 to complete their work.)

Department Updates

Due to road construction near the lower level parking lot, we exempt all extended use fees for material returned between June 29 and July 22. We estimate we exempted \$1,200.00 in extended use fees during this time. The estimate is based on the difference between the average monthly income for extended use fees from fiscal year 2018 (July

2017-June 2018) which was \$1,670.00 per month and the extended use fees collected in July 2018, totaling \$451.40.

CLOSED SESSION

REVIEW OF CLOSED SESSION MINUTES

A closed session for the six-month review of closed session minutes has been placed on the agenda. Director Whitmer reviewed the minutes.

- There are no verbatim recordings to be released at this time.
- There are no minutes to be released at this time.

If the Board wishes to discuss this matter further, then the closed session can be held.

If no further discussion is needed, then the meeting agenda should be amended as follows: remove the closed session and move the closed session agenda item to the Regular Agenda. The status of the six-month review can then be recorded in the minutes.
