CONSENT AGENDA

Approve Non-resident Library Card Participation for FY21 Utilizing the Tax Bill Method for Calculation of the Non-resident fee and 15% Calculation for Non-resident Renters

State law requires public library boards to "opt-in" or "opt-out" of the non-resident library card program annually.

By participating in the program, any non–resident cards issued by our library are required to be honored by other libraries that also participate in the non–resident program.

A non–resident card is issued by the Library to a person who does not live within a library's service area. Non–resident cards are valid for one year. A non-resident card carries the same benefits and access as a resident card, including reciprocal borrowing privileges.

The Director and Member Services Manager recommend the following:

- Continue participation in the non-resident library card program.
- Continue to utilize the tax bill method for calculation of the non-resident fee. This
 ensures that a non-resident is paying the fee that would be required if his or her
 property was located within the District's boundaries.
- Continue to utilize the 15% of monthly rent formula to calculate the non-resident fee for non-resident renters (individuals who reside in a rental property outside of the District's boundaries).

Approve Early Closure at 5 pm on Friday, July 3, 2020 for Warrenville Parade

This annual action is recommended because of parade road closures that make the library inaccessible by vehicle.

Authorize Library Staff to Sign Engagement Letter from Sikich, LLC for FY20 Audit Services

Fiscal Year 2020 is the final year of a three-year proposal from Sikich, LLC that was approved by the Library Board.

The cost for FY20 audit services, barring any unusual activity or findings, will not exceed \$7,500.

February 18, 2020

The Honorable President Ladies and Gentlemen Warrenville Public Library District 28W751 Stafford Place Warrenville, Illinois 60555

Dear Members of the Board of Trustees:

This engagement letter (the "Agreement"), effective as of February 18, 2020, between Sikich LLP, an Illinois limited liability partnership, ("Sikich," "we," "us," or "our") and Warrenville Public Library District (the "Client," "you," or "your") sets forth the mutual agreements of the parties regarding the audit of the Client's basic financial statements for the year ended June 30, 2020 (the "Services").

The Services will include an audit the financial statements of the governmental activities, each major fund and the aggregate remaining fund information and the related notes to the financial statements, which collectively comprise the basic financial statements of the Client as of and for the year ended June 30 2020.

Accounting standards generally accepted in the United States of America provide for certain required supplementary information ("RSI"), such as management's discussion and analysis ("MD&A"), to supplement the Client's basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our Services, we will apply certain limited procedures to the Client's RSI in accordance with auditing standards generally accepted in the United States of America. These limited procedures will consist of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We will not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. The following RSI is required by generally accepted accounting principles and will be subjected to certain limited procedures, but will not be audited:

1. Management's Discussion and Analysis.

We have also been engaged to report on supplementary information other than RSI that accompanies the Client's financial statements. We will subject the following supplementary information to the auditing procedures applied in our audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with auditing standards generally accepted in the United States of America and we will provide an opinion on it in relation to the financial statements as a whole in a report combined with our auditor's report on the financial statements:

- 1. Combining and Individual Fund Financial Statements and Schedules.
- 2. Consolidated Year End Financial Report (CYEFR), if applicable

ACCOUNTING TECHNOLOGY ADVISORY

AUDIT OBJECTIVE

The objective of our audit is the expression of opinions as to whether your financial statements are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles and to report on the fairness of the supplementary information referred to in the third paragraph when considered in relation to the financial statements as a whole.

The accounting records of the District are prepared on the modified cash basis of accounting. Accordingly, our opinion on those statements will be limited to an expression of opinion as to the fairness with which those financial statements present assets, liabilities and fund balances arising from modified cash transactions and the related statements of revenue collected and expenditures paid. Such statements do not purport to present financial statement position or changes in financial position in conformity with generally accepted accounting principles.

Our audit will be conducted in accordance with auditing standards generally accepted in the United States of America and will include tests of accounting records and other procedures we consider necessary to enable us to express such opinions and to render the required report. We cannot provide assurance that unmodified opinions will be expressed. Circumstances may arise in which it is necessary for us to modify our opinions or add emphasis-of-matter or other-matter paragraphs. If our opinions on the financial statements are other than unmodified, we will discuss the reasons with you in advance.

If circumstances occur related to the condition of your records, the availability of sufficient, appropriate audit evidence, or the existence of a significant risk of material misstatement of the financial statements caused by error, fraudulent financial reporting, or misappropriation of assets, which in our professional judgment prevent us from completing the audit or forming an opinion on the financial statements, we retain the right to take any course of action permitted by professional standards, including declining to express an opinion or issue a report, or withdrawing from the Agreement.

AUDIT PROCEDURES - GENERAL

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit will involve judgment about the number of transactions to be examined and the areas to be tested. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We will plan and perform the audit to obtain reasonable rather than absolute assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the government or to acts by management or employees acting on behalf of the government.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, and because we will not perform a detailed examination of all transactions, there is a risk that material misstatements or noncompliance may exist and not be detected by us, even though the audit is properly planned and performed in accordance with U.S. generally accepted auditing standards. In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements. However, we will inform the appropriate level of management of any material errors or any fraudulent financial reporting or misappropriation of assets that come to our attention. We will also inform the appropriate level of management of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential.

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts and may include tests of the physical existence of inventories and direct confirmation of receivables and certain other assets and liabilities by correspondence with selected individuals, funding sources, creditors and financial institutions. We will request written representations from your attorneys as part of the engagement and they may bill you for responding to this inquiry. At the conclusion of our audit, we will require certain written representations from you about the financial statements and related matters.

AUDIT PROCEDURES - INTERNAL CONTROL

Our audit will include obtaining an understanding of the government and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing and extent of further audit procedures. An audit is not designed to provide assurance on internal control or to identify deficiencies in internal control. Accordingly, we will express no such opinion. However, during the audit, we will communicate to management and those charged with governance internal control matters that are required to be communicated under AICPA professional standards.

AUDIT PROCEDURES - COMPLIANCE

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of the Client's compliance with provisions of applicable laws, regulations, contracts and agreements. However, the objective of our audit will not be to provide an opinion on overall compliance and we will not express such an opinion.

OTHER SERVICES

We will also assist in preparing the financial statements and related notes of the Client in conformity with U.S. generally accepted accounting principles based on information provided by you.

Other nonattest Services expected to be performed during our audit of the financial statements as of and for the year ended June 30, 2020 and other deliverables are as follows:

- 1. Prepare a draft of the financial statements and note disclosures from the adjusted trial balances prepared by the District.
- 2. Prepare ten (10) copies of the annual financial report (AFR) of the District.
- Prepare ten (10) copies of the management letter, communicating any material weaknesses or significant deficiencies found during the audit and our recommendations for improvement.
- 4. Prepare five (5) paper copies (and electronic filing) of the Annual Financial Report to the Comptroller of the State of Illinois.
- 5. Report to the District in accordance with the Statement on Auditing Standards (SAS) No. 114, Communication with thise Charged with Governance.

MANAGEMENT RESPONSIBILITIES

Management is responsible for designing, implementing, and maintaining effective internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error, including monitoring ongoing activities; for the selection and application of accounting principles; and for the preparation and fair presentation of the financial statements in conformity with U.S. generally accepted accounting principles.

Management is also responsible for making all financial records and related information available to us and for the accuracy and completeness of that information. You are also responsible for providing us with (1) access to all information of which you are aware that is relevant to the preparation and fair presentation of the financial statements, (2) additional information that we may request for the purpose of the audit, and (3) unrestricted access to persons within the government from whom we determine it necessary to obtain audit evidence.

Your responsibilities include adjusting the financial statements to correct material misstatements and confirming to us in the management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

You are responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud affecting the government involving (1) management, (2) employees who have significant roles in internal control, and (3) others where the fraud could have a material effect on the financial statements. Your responsibilities include informing us of your knowledge of any allegations of fraud or suspected fraud affecting the government received in communications from employees, former employees, regulators, or others. In addition, you are responsible for identifying and ensuring that the government complies with applicable laws and regulations.

You are also responsible for the preparation of the supplementary information, which we have been engaged to report on, in conformity with U.S. generally accepted accounting principles. You agree to include our report on the supplementary information in any document that contains and indicates that we have reported on the supplementary information. You also agree to include the audited financial statements with any presentation of the supplementary information that includes our report thereon or make the audited financial statements readily available to users of the supplementary information no later than the date the supplementary information is issued with our report thereon. Your responsibilities include acknowledging to us in the written representation letter that (1) you are responsible for presentation of the supplementary information in accordance with GAAP; (2) you believe the supplementary information, including its form and content, is fairly presented in accordance with GAAP; (3) the methods of measurement or presentation have not changed from those used in the prior period (or, if they have changed, the reasons for such changes); and (4) you have disclosed to us any significant assumptions or interpretations underlying the measurement or presentation of the supplementary information.

With regard to the electronic dissemination of audited financial statements, including financial statements published electronically on your website, you understand that electronic sites are a means to distribute information and, therefore, we are not required to read the information contained in these sites or to consider the consistency of other information in the electronic site with the original document.

You agree to assume all management responsibilities relating to the financial statements and related notes and any other non-audit Services we provide; oversee the nonattest Services by designating an individual, preferably from senior management, who possesses suitable skill, knowledge, or experience; evaluate the adequacy and results of those Services; and accept responsibility for them.

ENGAGEMENT ADMINISTRATION, FEES AND OTHER

In accordance with professional standards, any discussions during the period of the Agreement between any individual representing the Client and a member of the Sikich engagement team regarding potential employment or association with the Client creates an impairment of independence for the Sikich employee and possibly Sikich. Such a situation could require us to temporarily or permanently remove that person from your engagement or to perform additional procedures or re-perform procedures, which would increase our fees. Should we not become aware of the impairment until after the conclusion of the Agreement, Sikich's independence would be deemed to have been impaired. Please inform appropriate Client personnel to refrain from any such discussions with any Sikich staff while the engagement is ongoing and notify Brian D. LeFevre immediately if you or anyone else at the Client becomes aware that any such discussions may have occurred.

Client hereby explicitly acknowledges and consents to Sikich's use of third-party cloud computing services to store confidential and proprietary information and other data of the Client, and agrees that Sikich's use of such cloud services coupled with the use of encrypted devices, password protections and firewall protection shall constitute the best efforts of Sikich to safeguard such information and data from unauthorized disclosure. Client further agrees that, subject to applicable law, Sikich shall only be liable for such unauthorized disclosure or use if it has been finally judicially determined by a court of competent jurisdiction that Sikich did not take commercially reasonable measures to protect the confidential and proprietary information and other data of the Client from unauthorized disclosure or use.

The assistance to be supplied by Client personnel is described in the workpaper request lists for preliminary (interim) and final fieldwork, which outline the specific schedules and information we are requesting for this Agreement. The workpaper request lists will be discussed with and coordinated with Sandra L. Whitmer, Director. The timely and accurate completion of this work is an essential condition to our completion of the audit and issuance of our audit report. This Agreement assumes that all records, documentation and information we requested in connection with our audit (and outlined in the workpaper request lists) are complete and available at the beginning of the respective phases of the engagement. It also assumes that key personnel are available to us during the duration of the audit. The accuracy of these assumptions will allow us to conduct our audit without any delays or inefficiencies for the fee noted in this Agreement. If the assumptions are not accurate and you fail to provide the records, documentation, information and key personnel required, there may be additional fees to cover our cost for the delays and possible rescheduling of the engagement. If significant additional time is necessary, we will discuss it with you and arrive at a new fee estimate before we incur the additional costs.

We understand that your employees will prepare all cash, accounts receivable and other confirmations we request and will locate any documents selected by us for testing.

You may request that we perform additional services not contemplated by this Agreement. If this occurs, we will communicate with you regarding the scope of the additional services and the estimated fees. We also may issue a separate engagement letter covering the additional services. In the absence of any other written communication from us documenting such additional services, our services will continue to be governed by the terms of this Agreement. Notwithstanding the foregoing, this Agreement will not include any services related to the Affordable Care Act or consideration of taxable fringe benefits including those impacted by Affordable Care Act; in all circumstances, services related to the Affordable Care Act and other taxable fringe benefit reporting will be the subject of a separate engagement letter and will be billable under a separate hourly rate structure than the services provided hereunder.

We will provide copies of our reports to the Client; however, management is responsible for distribution of the reports and the financial statements. Unless restricted by law or regulation, or containing privileged and confidential information, copies of our report are to be made available for public inspection.

The audit documentation for this Agreement is the property of Sikich and constitutes confidential information. However, subject to applicable laws and regulations, audit and examination documentation and appropriate individuals will be made available upon request and in a timely manner to cognizant or oversight agency for audit or its designee. We will notify you of any such request. If requested, access to such audit documentation will be provided under the supervision of Sikich personnel. Furthermore, upon request, we may provide copies of selected audit documentation to the aforementioned parties. These parties may intend, or decide, to distribute the copies or information contained therein to others, including other governmental agencies.

As a result of our prior or future services to you, we might be requested or required to provide information or documents to you or a third party in a legal, administrative, regulatory inquiry (other than that mentioned in the previous paragraph) or arbitration or similar proceeding in which we are not a party. If this occurs, our efforts in complying with such requests will be deemed billable to you as a separate engagement. We shall be entitled to compensation for our time and reasonable reimbursement for our expenses (including legal fees) in complying with the request.

The audit documentation for this Agreement will be retained for a minimum of seven years after the report release date or for any additional period requested by the cognizant or oversight agency for audit or its designee. Sikich does not keep any original client records so we will return those to you at the completion of the Services rendered under this Agreement. When records are returned to you, it is your responsibility to retain and protect your records for possible future use, including potential examination by any government or regulatory agencies.

Final reports will be issued upon your approval of the preliminary drafts. Our audit engagement ends on delivery of our audit report. Any follow-up services that might be required will be a separate, new engagement. The terms and conditions of that new engagement will be governed by a new, specific engagement letter for that service. Brian D. LeFevre is the engagement partner and is responsible for supervising the engagement and signing the reports or authorizing another individual to sign them.

Our fees for the Services consistent with our proposal dated December 8, 2017, will not exceed \$7,500 for the District audit, which includes out-of-pocket costs such as report reproduction, postage, etc. These fees are based on anticipated cooperation from your personnel and the assumption that unexpected circumstances will not be encountered during the audit. If significant additional time is necessary, we will discuss it with you and arrive at a new fee estimate before we incur the additional costs.

Services will be invoiced to you from time-to-time as work progresses. In accordance with Illinois Compiled Statutes, payments for all Services are due within sixty days of receipt of an invoice. Invoices not paid within sixty days are subject to finance charges of 1% per month (12% annually).

We reserve the right to suspend or terminate Services for reasonable cause, such as failure to pay our invoices on a timely basis or failure to provide the information or cooperation necessary for successful performance of the Services. Our Services will be deemed to be completed upon written notification of termination, even if we have not completed our report. You will be obligated to compensate us for the time expended to that point and to reimburse us for all out-of-pocket expenditures through the date of termination.

You hereby agree to indemnify and hold harmless Sikich and its partners, directors, employees, agents or subcontractors against all costs, expenses, losses, judgments, damages and liabilities (including reasonable attorneys' fees and expenses) associated with any third party claim, threat or proceeding relating to the performance of the Services by Sikich under this Agreement, other than as determined through mediation to have been caused by our own gross negligence or willful misconduct.

You agree that our maximum liability to you for any negligent errors or omissions committed by us in the performance of the Services will be limited to the total amount of fees we receive from you under this Agreement for the Services provided under this Agreement giving rise to the liability, except to the extent determined to result from our gross negligence or willful misconduct. You agree that this limitation applies to any and all liability or cause of action against us, however alleged or arising, unless otherwise prohibited by law or professional standards. Additionally, our liability as auditors shall be limited to the period covered by our audit and shall not extend to later periods for which we are not engaged as auditors or prior periods before we were engaged as auditors. In no event will Sikich be liable to you or any third party, whether a claim be in tort, contract or otherwise, for any amount in excess of the total professional fees paid pursuant to this Agreement for the Services provided under this Agreement giving rise to the liability, or for any special, consequential, exemplary, incidental indirect, lost profit, punitive or similar damages of any kind.

No (i) direct or indirect holder of any equity interests or securities of Sikich, (ii) affiliate of Sikich, or (iii) director, officer, employee, representative, or agent of Sikich, or of an affiliate of Sikich or of any such direct or indirect holder of any equity interests or securities of Sikich (collectively, the "Sikich Affiliates") shall have any liability or obligation of any nature whatsoever in connection with or under this Agreement or the transactions contemplated hereby, and Client waives and releases all claims against such Sikich Affiliates related to any such liability or obligation.

If any dispute, controversy or claim arises in connection with the performance or breach of the Agreement, either party may, on written notice to the other party, request that the matter be mediated. Such mediation will be conducted by a mediator appointed by and pursuant to the Mediation Rules of the American Arbitration Association. Both parties will exert their commercially reasonable best efforts to discuss with each other in good faith their respective positions in an attempt to finally resolve such dispute or controversy. Each party may disclose any facts to the other party or the mediator which it, in good faith, considers necessary to resolve the matter. All such discussions, however, will be for the purpose of assisting in settlement efforts and will not be admissible in any subsequent litigation or proceeding against the

disclosing party. Except as agreed by both parties in writing, the mediator will keep confidential all information disclosed during negotiations. The mediation proceedings will conclude within sixty days from receipt of the written notice unless extended or terminated sooner by mutual consent. Each party will be responsible for its own expenses. The fees and expenses of the mediator, if any, will be borne equally by the parties.

REGULAR AGENDA Approve transfer of funds

A transfer recommendation with SUGGESTED MOTION will be provided at Board Meeting if needed

Each month, a transfer of funds to the Fifth Third Bank Operating account may be necessary to cover anticipated expenditures.

NEW BUSINESS

Pandemic Response (ACTION)

Note: This information is up-to-date as of March 13 at 7 pm. As of this time, Director Whitmer is awaiting guidance from the DuPage County Health Department regarding the library's response to COVID-19.

Staff have been monitoring information about the new coronavirus from the CDC, the Illinois Department of Public Health and the DuPage County Health Department.

Our cleaning contractor cleans the building six days a week. We have asked the contractor to add daily sanitization of door handles and star railings. Staff are cleaning "high touch" areas on an as needed basis, no less than daily.

On March 12, we suspended home delivery. (Our home service members are in the high risk categories.) We also suspended Book a Librarian because the service requires people to work in close proximity to one another.

Staff requests guidance and suggestions from the Board regarding cancellation of programs, reduction in services and closure of the library.

Director Whitmer suggests the following guidelines:

If there is a **confirmed case** in **DuPage County**, the library will:

- Suspend all programming and outreach activities
- Cancel all meeting room and study room reservations
- Remove manipulative toys from the Discovery Room
- Remove puzzles and board books from circulation
- Initiate social distancing for all seating areas (remove chairs and mark computers out of service to encourage distancing of individuals)

If there is a <u>confirmed case</u> in Community Unit School District 200 or in the City of Warrenville the library will:

- Close the library temporarily, then Contact DuPage Health Department for guidance and recommendations regarding closure or limited operations.
- If closure is recommended, the library may be closed to public, but open to staff for special projects and/or modified services

If the library is closed, will staff be paid?

Our policy for emergency closures indicates staff who are scheduled will be paid. Those who are not scheduled are not paid. Pre-approved time off would remain as approved and not be affected by an emergency closure.

Census 2020

Paul, Kathy and I spent many hours preparing for March 12, when census forms will arrive in mailboxes across the country. Staff participated in numerous webinars. As of March 12, the following items are in place:

- Bookmarks are printed. Our goal is to distribute 5,000. They will be given to
 everyone who checks out material. 1,900 will be provided to the school district
 for distribution at Jefferson, Johnson, Bower and Hubble. Others will be given
 away at community outreach events.
- Street lamp banners are up. Thanks to the City's public works team for getting them in place.
- Staff shirts are distributed. Staff are encouraged to wear the shirts at any time. As an incentive, we permit staff to wear jeans anytime they wear the Census shirt.
- Teens made pin-back buttons featuring an assortment of Census designs. These are available at our service desks.

Paul and I continue to participate in weekly online grant meetings. We submit monthly reimbursement requests, enter activity data into the online portal, upload photographic evidence of our activities and provide a monthly narrative report.

Report on PLA Conference

Here are the highlights from several sessions I attended:

"Barriers to Library Use" – from policies and fees to accessibility and awareness. The library looked at its priorities, then determined what barriers needed to be addressed in order to help them achieve the priorities.

"Working Through Transitions" – identified a path for successful transition that acknowledges loss, guides people into a neutral zone (test and try, embrace setbacks, innovate) that leads to new beginnings. Communication is important at all stages. Share what you know and admit what you don't know.

"The Bookstore Model of Customer Service" – Librarians with bookstore experience exposed the deliberate nature of retail customer service where the goal is to retain customers. In libraries it's important to define your service expectations. Understand the key is staff, not stuff. Shift from transactional to relational.

"Seeking Stellar Staff at All Levels" – The library world has flipped from objects to people. Look for people people. Look for people who understand what public service is and love it. We don't have to hire for the position vacated - - instead, hire for the strategic plan. Try experiential interviewing – put them in the actual setting they'll be working in (i.e. greet people coming into library, run a meeting, read stories at a day care center, etc.). Remember the right staff make or break the experience for our customers.

"Proactive Models for Managing Difficult Patron Interactions" – two libraries shared their "homegrown" recipes for staff responses to specific interactions.

"Going Fearlessly Fine Free" – Going fine free aligns with our core value: access. When delivering the message, "play golf, not tennis." (Don't get into a back and forth. Tell them what it is, listen thoughtfully to responses.)

"Service to Bilingual Library Patrons" – discussed different types of bilingual staff members. Gave best practices including: ask customer for their language preference

(never assume), be honest about your fluency level, be patient, remember 70% of communication is non-verbal.

Hotel Tax Grant

We were awarded two Hotel Tax Grants:

<u>Concerts on the Commons</u> (Summer 2020) was awarded \$17,722.50. I am finalizing performer contracts. I posted a (very) part-time "assistant" position that will be funded by the grant.

<u>Sunday Music Matinees</u> (Fall 2020-Spring 2021) was awarded \$3,722.20. Sylvia Thompson is gathering information and beginning to schedule performers for this series.

DuPage Monarch Project Resolution

Warrenville Resident Connie Schmidt approached me to request the Library Board consider adopting a resolution in support of efforts to support monarch habitats. If this is something the Board is interested in pursuing, I can invite someone from DuPage Monarch Project (DMP) to a future board meeting to share information about the organization and what actions the Library can take to support DMP. If you are interested, I have a single copy of the DMP 2019 Annual Report. The City of Warrenville and Warrenville Park District have passed resolutions.

FOIA Requests

We received and responded to a request from SMART Local 265 for "invoices, names and contract information of contractors and/or subcontractors that have been awarded and/or assigned work to be performed ... over the past 12 months, which include the following scope: [HVAC, Exhaust systems, Architectural metals, lockers, kitchen renovations].

Other

Building Maintenance

Magnetic Board in Discovery Room

The bottom tray was damaged. Ly removed the boards and replaced them with plywood. It should be strong enough to withstand kids standing on it now. (Keep your fingers crossed)

Boiler Flue Repair

Currently waiting on the parts to be manufactured. Scheduled to be here by mid-March.

Mop Sink Replacement

Hogan Plumbing completed installation of the sink on February 3 and Ly painted the walls during the month.

• Elevator Inspection

Thompson Elevator Inspection Services inspected the elevator on February 6. They suggested a star be installed on the lower level door jam and the phone volume be increased. An Otis Elevator representative came out on February 12 and has ordered the new plaque for the lower level door and will address the phone volume at that time.

Men's Public Restroom Partitions

A bottom hinge broke completely off one of the partition doors so the stall was shut down. Upon inspection it was discovered another hinge is cracked. New hinges were ordered directly from the manufacturer after discovering the partitions are still covered under warranty. We received two different hinges from the manufacturer but they were not correct. Josh from Shales McNutt is now assisting Ly and me.

• Fire Department Inspection

The Fire Department conducted their annual inspection on January 31. They discovered five exit lights that needed new batteries. An order for batteries was placed the day before the inspection. Once the batteries were received Ly replaced them and Lt. Voda returned on February 18. The building passed the inspection at that time.

Highlights

- The Public Services department is preparing for the 2020 Census. The entire staff attended the February Staff Meeting to discuss the Census and how we will approach as an institution.

 appointments in Spanish along with assistance for other reference questions.
