Head of Technical Services Lou Carlile stated we are very fortunate to have her.

#### b. Fine Free Libraries

Member Services Manager Patty Dybala stated the Library is researching going fine free.

Ms. Dybala stated fines not only create stress for members, but also staff. It is especially difficult telling a child they cannot check out items because of

Minutes of the Regular Board of Trustees Meeting February 20, 2019 Page 1 of 8 fines on their account. Fines create barriers and she demonstrated how a family of three can accumulate fines in one week totaling over \$78.

Ms. Dybala gave examples of local libraries that have gone fine free. She researched their procedures and policies. She stated these libraries want to focus on providing the materials, services and programs the community needs and wants.

Libraries that go fine free change the conversations they have with their members. The Library is trusting their members to return the materials since these are shared resources for the entire community. Due dates still apply and they still hold the member accountable. Overdue notices and bills are sent and the member is blocked from checking out materials until the billed materials are returned or paid for.

Libraries that have adopted fine free policies did not report any significant changes in the number of overdue materials and have seen an increase in the number of cardholders.

Ms. Dybala gave examples of how going fine free would affect our Library financially and how much time is spent by staff dealing with the extended use fees. She stated there are currently 321 accounts with a balance of over \$10 and these members are blocked from borrowing materials.

Director Whitmer explained fines are only 1% of the budget or approximately \$19,000. The Levy from property taxes increases each year, but those funds are usually used for increases in normal expenses such as salaries and energy costs.

Director Whitmer stated there are new developments in Warrenville in both TIF Districts and non-TIF areas that will generate new tax income. In the non-TIF areas there are two proposed developments with an estimated total value of \$119 million. When fully developed she estimates \$100,000 in annual property taxes should be generated for the Library.

The new Illinois Minimum Wage Law will also have to be considered for its potential impact on the Library's budget.

Trustee Lezon asked about the 3-day grace period. Ms. Dybala replied there is no longer a grace period because members would assume the due date was at the end of the 3-day grace period creating confusion of when the item was actually due.

Trustee Picha asked how often fines are currently waived. Ms. Dybala stated approximately 3-5 times per week.

Trustee Picha asked if any libraries regret going fine free. Ms. Dybala stated she does not know of any.

Trustee Warren stated 25% of cardholders have overdue fees.

Trustee Ruzicka asked if the member would still have to pay for damaged or lost materials. Ms. Dybala answered yes. Ms. Dybala stated accounts go to the debt collection service when the amount due is over \$50. Trustee Picha asked if the same threshold would be used if fines were removed. Ms. Dybala stated the way of notification might have to be revised. Ms. Ruzicka stated sending an account to collection creates a negative image of the Library.

Director Whitmer stated the laws have changed regarding libraries using collection agencies. The accounts can no longer be reported to credit agencies.

Director Whitmer explained how going fine free may allow members to keep items longer, which may negatively affect hold lists and increase wait times especially on popular items.

#### 5. Public comments

Ms. Nicole Wagner stated as a Warrenville resident and professional librarian she supports fine free libraries and thinks this library will eventually succeed with it.

#### 6. Correspondence

Director Whitmer shared the following:

a. Memo from the Library's attorney regarding the Illinois Prevailing Wage Act

Effective June 1, 2019 the Library will no longer have to adopt or publish a prevailing wage ordinance. The Library will still be obligated to pay prevailing wage and include same in any bidding documents. Any contractors working on public projects will file their certified payroll directly with the Illinois Department of Labor.

#### 9. Unfinished Business

#### a. Approve Strategic Plan

Director Whitmer stated Sarah Keister Armstrong along with the Management Team did a great job on the Strategic Plan. The Management Team agreed a five-year period is appropriate for this plan.

The Management Team decided to concentrate on improving services to the Hispanic population rather than spreading their attention across multiple audiences. Director Whitmer stated the Library will continue to reach out to underserved populations and with the City considering a proposal for a senior housing project very close to the library, resources may need to shift to address this population in the future.

Once approved by the Board, the Management Team will develop an action plan; assign responsibilities, timelines and resources to the goals. Requests for resources required to fulfill these goals will be included in the budget process.

Trustee Lezon stated she is happy to see customer service training is included for all staff. She stated she requested a book 6 weeks ago and has still not received a call regarding the item. Head of Public Services Leila Heath will look into this.

Trustee Picha asked when the Management Team will have the timeline for the Strategic Plan. Director Whitmer stated it should be available at the May board meeting along with the budget.

Trustee Warren stated the Strategic Plan seems to be reasonable.

Trustee Picha asked Director Whitmer to include review of the Strategic Plan on the 2020 calendar.

MOTION: Trustee Stull moved to approve the Strategic Plan for July 1, 2019 through June 30, 2024. Trustee Warren seconded.

#### b. Natural Gas Supply Program

Director Whitmer stated the energy broker suggested the Library switch from Nicor's Customer Selection Program to Rate 74. He estimates the Rate 74 program will save the Library approximately \$100 annually. This program allows daily meter reads from a cellular connection provided by Nicor.

MOTION: Trustee Richardson moved to authorize staff to work with Vanguard Energy to switch from the Nicor Customer Select program to Rate 74. Trustee Lezon seconded. Roll call vote:

Ayes – Trustees Lezon, Picha, Richardson, Ruzicka, Stull and Warren Nays – none Absent - DuRocher Motion carried

#### c. Electricity Supply Contract

Director Whitmer stated she met with Mr. Kalas from Vanguard Energy in January and Mr. Kalas suggested the Library lock in an additional year (May 2022-May 2023) of electricity while the supply/energy rates are low.

Trustee Warren asked if the renewable energy will remain. Director Whitmer will investigate this.

After discussion, the consensus of the Board is to review this item next years

#### 11. Director's Report

- Director Whitmer suggested moving the first draft budget review from April to May because of work on the Strategic Plan. A May Committee of the Whole Meeting will begin at 6 p.m. and there is a possibility of the June meeting beginning early at 6:30 p.m.

- Trustee Picha asked why additional barcode scanners were purchased. Ms. Heath replied each Adult Service and Youth Service staff desk has a scanner to assist when withdrawing items.

#### **CONSENT AGENDA**

Approve Non–resident Library Card Participation for FY20 Utilizing the Tax Bill Method for Calculation of the Non–resident fee and 15% Calculation for Non–resident Renters

State law requires that public library boards annually "opt-in" or "opt-out" of the non-resident library card program.

By participating in the program, any non-resident cards issued by our library are required to be honored by other libraries that also participate in the non-resident program.

A non–resident card is issued by the Library to a person who does not live within a library's service area. Non–resident cards are valid for one year. A non-resident card carries the same benefits and access as a resident card, including reciprocal borrowing privileges.

The Director and Member Services Manager recommend the following:

- Continue participation in the non-resident library card program.
- Continue to utilize the tax bill method for calculation of the non-resident fee. This ensures that a non-resident is paying the fee that would be required if his or her property was located within the District's boundaries.
- Continue to utilize the 15% of monthly rent formula to calculate the non-resident fee for non-resident renters (individuals who reside in a rental property outside of the District's boundaries).

#### **REGULAR AGENDA**

Approve payments for the period of February 21 - March 20, 2019

A partial bill list is included on the following page(s).

A complete bill list with SUGGESTED MOTION will be provided at Board Meeting

#### **REGULAR AGENDA**

Approve transfer of funds

A transfer recommendation with SUGGESTED MOTION will be provided at Board Meeting if needed

Each month, a transfer of funds to the MB Bank Operating account may be necessary to cover anticipated expenditures.

#### **NEW BUSINESS**

Approve Expenditure of up to \$500 for Butterfly Garden Plants (ACTION)

Dorothy Deer, a representative of Warrenville in Bloom, approached Director Whitmer last fall regarding the possibility of planting a butterfly garden at the southeast corner of the building. The organization was proposing use of "remainder" funds from their Hotel Tax Grant. Warrenville in Bloom requested reallocation of funds through the Tourism and Arts Commission, but the request was denied.

The proposed plan includes 70 plants in 1 gallon pots. (See attached sketch.)

Warrenville in Bloom has indicated they would like to plant the garden if the Library is willing to contribute funds for the perennials. The Library would be responsible for maintaining the garden (weeding, watering) after it is planted.

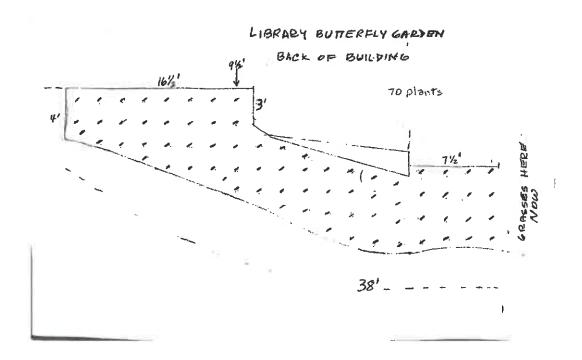

Warrenville in Bloom has entered the 2019 America in Bloom National Awards program. This activity aligns with several of the criteria for the program including flower beds and environmental efforts.

Sufficient funds are available in the budget to accommodate this project.

If approved by the Board, Director Whitmer will work with Warrenville in Bloom to coordinate the planting activity and the reimbursement for plant costs. Warrenville in Bloom would be required to submit a plant list for approval by the Library Director prior to purchasing the plants.

SUGGESTED MOTION: Authorize the expenditure of up to \$500 for plants for a butterfly garden to be planted by Warrenville in Bloom.

#### **NEW BUSINESS**

Consider Cancellation of Agreement for Use of Facilities as an Emergency Heating/Cooling Center, an Intergovernmental Agreement with the City of Warrenville (ACTION)

Director Whitmer is recommending the termination of an agreement with the City of Warrenville to provide emergency shelter for residents.

In late January, the Library's Management Team made the decision to close the Library for the duration of a Wind Chill Warning issued by the National Weather Service. This decision was made out of an abundance of caution for the safety of our staff and to discourage people from traveling to the Library during a dangerous weather situation.

In addition to posting notices at the Library, on our website and social media channels, the Library notified the City of Warrenville regarding the Library's closure so City staff would not refer individuals to the Library as a warming center during the event.

City staff were concerned the Library's closure did not align with the intentions outlined in an agreement the City and Library entered into in 2011. The agreement (attached) states the Library "will voluntarily permit, to the extent possible, without compensation and upon request of the City, the use of the facilities by the City as an emergency heating and cooling center, during normal business hours, for the victims of a severe heat or cold event."

Prior to approving the agreement in 2011, Director Whitmer confirmed with the City's Emergency Services Coordinator Jim Burke that the agreement would not require the Library to provide space when the Library was closed nor did the agreement prevent the Library from closing in such an emergency. (See the attached backup from June 15, 2011 board packet.)

Director Whitmer spoke with the City Administrator regarding the possible termination of the agreement. The City is willing to work with the Library to revise the agreement. The City Administrator understands the Library and City have different missions and providing emergency shelter may not align with the Library's goals. Based on the conversations surrounding the most recent event and the expectations of both parties, the Library Director recommends terminating the agreement.

The cancellation of the agreement:

- will not change the Library's intent to provide a welcoming place for individuals during times of extreme heat or cold as long as the Library remains open,
- will allow the Library to make autonomous decisions for the safety of its staff and
- does not preclude the Library from entering into a similar agreement in the future.

SUGGESTED MOTION: Authorize the Library Board President and Secretary to provide 30-day notification to the City of Warrenville to terminate the "Agreement for Use of Facilities as an Emergency Heating/Cooling Center" effective April 30, 2019.

### AGREEMENT FOR USE OF FACILITIES AS AN EMERGENCY HEATING/COOLING CENTER

The immunities provided in this subsection (c) shall not apply to any private person, firm or corporation, or to any employee or agent of such person, firm or corporation whose act or omission caused in whole or in part such actual or impending disaster and who would otherwise be liable therefor;

and

WHEREAS, the parties find and hereby declare that it is in their mutual best interests and In the best interests of the residents of the City for the Provider to provide shelter as set forth herein;

NOW, THEREFORE, for the sum of one dollar and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, it is agreed by and between the parties hereto as follows:

#### **NEW BUSINESS**

Approve Agreement between the City of Warrenville and the Warrenville Public Library District for Use of Facilities as an Emergency Heating/Cooling Center (ACTION)

For several years, the City and Library District have had a "handshake" agreement that the Library will serve as a heating/cooling center for severe weather emergencies. The City recently forwarded the attached "Agreement For Use of Facilities as an Emergency Heating/Cooling Center" to formalize the understanding between the City and the Library District.

The Library Director recommends approval of this agreement and has confirmed with Emergency Services (ESDA) Coordinator Jim Burke that the agreement does not require the Library to provide space when the library is closed nor does it preclude the Library from closing in such an emergency. ESDA follows the lead of the National Weather Service and/or DuPage County when declaring a severe weather emergency and will notify the Library by phone in such instances.

The Library's attorney has reviewed the agreement and stated that the form of the agreement looks fine.

#### Goodman Quilt Donation

Sharon Goodman made and donated a 23" square quilt, "Books and Pages" to the Library. The quilt will be hung in the Library in recognition of the 40<sup>th</sup> Anniversary. If at any time the Library does not wish to display the quilt, it will be returned to the donor.

#### 2019 Tax Levy

Tentative Tax Levy figures will be available at the County Clerk's office on Monday, March 18. I will have an update on the expected levy extension at the Board Meeting.

#### **Hotel Tax Grant Status**

I have booked performers for the summer concert series through Bass Schuler Entertainment.

Sylvia has booked performers for the 2019-2020 Sunday Music Matinees.

#### 40th Anniversary

We're looking forward to the celebration on Sunday, April 7 from 2-4 pm. Plans are set for activities, displays and refreshments. This is an "all hands on deck" event for staff. We hope you can make it.

#### Minimum Wage Increase

In February, Governor Pritzker signed a bill to raise the minimum wage to \$15 per hour by January 1, 2025. Over the next year, I will evaluate the impact to our budget and operations and will likely engage in discussions with the Management Team and Board regarding how the Library will address the increases. Currently, our lowest wage for current positions is \$11.21.

The implementation schedule is:

January 1, 2020	\$9.25	January 1, 2023	\$13.00
July 1, 2020	\$10.00	January 1, 2024	\$14.00
January 1, 2021	\$11.00	January 1, 2025	\$15.00
January 1, 2022	\$12.00		

#### Other

At the Western DuPage Chamber of Commerce, Trustee Ruzicka and I sat with Christina Rose, Admissions Director for Aperion Care in West Chicago and Fernando Ramirez, President/Founder of Mexican Cultural Center DuPage. Aperion Care is a skilled nursing facility that specializes in psychiatric care. Ms. Rose spoke highly of NAMI DuPage (National Alliance on Mental Illness) as a resource for the Library. Mexican Cultural Center DuPage is a potential partner for the Library as we move forward with our strategic plan priorities.

Trustee Warren and I attended the ILA Legislative Lunch on March 1.1 sat with District Director for State Senator Laura Ellman. We discussed opportunities for collaboration and support. I've included the ILA's "palm card" that explains some of ILA's legislative priorities. A couple of highlights from speaker comments:

- Encourage federal legislators to sign on to "dear appropriator" letters urging full federal funding for libraries. (Derek Blaida, ILA Legislative Consultant)
- Get ready for Census 2020. Online participation will likely mean individuals without access to computers/wifi will head to the Library to participate.

- Net neutrality continues to be a point of discussion. Rep. Bill Foster compared the effects of the elimination of net neutrality to a frog being boiled slowly. Impact may not be felt now, but over time the lack of net neutrality will be devastating. Net neutrality is the principle that Internet service providers should treat all Internet communications equally and not discriminate or charge differently based on user, content, website, platform, application, type of equipment, or method of communication. Democrats continue to work to restore net neutrality regulations.
- Fun fact: RAILS delivered 9.4 million items last year in a 28,000 square mile area.
   The cost of delivery? Just 31 cents per item. (Paul Mills, RAILS Board Member)
- Economic development starts with great services (libraries, schools, parks, etc.)

  People don't move to a community because of the new Target or Walmart, they move to a community because of great services. (State Senator Tom Cullerton)

#### Something New:

We welcomed State Rep. Grant Wehrli for Mobile Office Hours at the Library on March 1. The meeting room is available to any elected official for meeting with constituents in this format (mobile office hours) or a more formal "town hall." Here's a note from his March 11 email update:

#### Warrenville Mobile Office Hours a Success

On Friday I held mobile office hours at the Warrenville Public Library, and several constituents stopped by to say hello or to talk with me about issues related to state government. We had great conversations about the proposal for a graduated income tax, the new minimum wage hike that will take effect next year, the need for pension reform and the need for new business and job growth in Illinois. I want to thank everyone who came out to this event.

Future mobile office hours will be held throughout the year in the 41st District. These events will be publicized through my E-Newsletter and on my web site at https://repwehrli.com. No appointments are necessary at mobile office hours, so please stop by a mobile office hours event that is convenient for you.

### 101st Illinois General Assembly

2019 Spring Session

#### SUPPORT LIBRARIES THROUGH FUNDED APPROPRIATIONS

Fully fund fiscal year 2020 state appropriations for the Illinois Secretary of State's grant programs, equalization grants, and per capita grants for public libraries, school libraries, and library systems. Approve appropriations for the Illinois State Library and higher education institutions including state university and community college academic libraries for the benefit of students, their families, and our communities.

### OPPOSE ADDITIONAL UNFUNDED MANDATES

Hundreds of unfunded mandates have been imposed on units of local government. Libraries are among the smallest property tax recipients, and opportunities to raise other sources of revenue to address mandate imposition are virtually non-existent. Consequently, unfunded mandates often result in library service reductions, exacerbating the strain that has been placed on our schools, parks, and other community organizations.

#### OPPOSE PROPERTY TAX FREEZE

A statewide property tax freeze preempts local control. Local library trustees' primary duty is to manage local revenues and expenditures. A freeze nullifies this most basic responsibility. A freeze is especially harmful when accompanied by unfunded mandates.

#### **PROTECT NET NEUTRALITY**

Net neutrality is the principle that Internet Service Providers (ISPs) should enable access to all content and applications regardless of the source, and without favoring or blocking particular products or websites. Under this principle, ISPs should not "throttle" (restrict, impair, or degrade) network speed or traffic on the basis of content, applications, services, or mobile devices. Such interference with Internet traffic, favoring some sources and limiting others, impedes the free

flow of information and profoundly disrupts both the right of individuals to participate in public discourse, and the full functioning of a library. Illinois is one of 22 states plus the District of Columbia to have joined in a suit against the FCC over its 2017 vote to eliminate net neutrality protections. ILA affirms the importance of preservation of net neutrality and is monitoring the status of this litigation before seeking legislative action.

### ILLINOIS LIBRARY ASSOCIATION INITIATIVES

#### Refine language and make consistent for district and municipal libraries the current qualifications for serving as a library trustee

Public Act 100-1476/HB 2222 updated trustee eligibility to those who had lived in the district for at least one year, those who are not "in arrears in the payment of a tax or other indebtedness due to the library district," and those who have not been convicted of a crime. ILA seeks first to change "payment of a tax or other indebtedness due to the library district" to "payment of a property tax;" primarily over concerns about breaching patron privacy. Second, we seek to have this law also apply to the Local Library Act so that municipal libraries and district libraries are treated consistently.

### Make clear libraries' eligibility for pursuing performance contracting

Currently, Chapter 50 of the Illinois Compiled Statutes, dealing with local government, includes a provision in section 515/5 about cooperative purchasing that includes articulated language stating "Unit of local government' means a county, township, municipality, or park district." Since units of local government are already defined, inclusive of library districts as "special districts," in the Illinois Constitution, ILA seeks to have the language above from 50 ILCS 515/5 stricken and replaced with "In addition to the definition prescribed to it by Article VII, Section 1 of the Illinois Constitution of 1970, a 'unit of local government' includes a school district for the purposes of this Act.

### 116th U.S. Congress

First Session

#### **FUND LIBRARIES**

The Museum and Library Services Act of 2018, approved in both the House and the Senate and signed by the President on December 31, 2018, is an important signal of support that will help insulate the Institute of Museum and Library Services' programs from proposed elimination or rescission in future budgets. We thank all our elected representatives who supported IMLS via this legislation. IMLS administers the Library Services and Technology Act, the only federal program that exclusively covers services and funding for libraries. The LSTA provides more than \$183 million for libraries, including \$5.5 million here in Illinois.

We ask Illinois Senators and Representatives to sign "Dear Appropriator" letters urging full funding in fiscal year 2020 for LSTA and for the Innovative Approaches to Literacy (IAL) grant program, authorized in the Every Student Succeeds Act (ESSA). Libraries and library funding generally enjoy bicameral, bipartisan support, evidenced by how many Illinois signatures we've had on such letters in recent fiscal years; please look for the 2020 versions in March.

#### OPPOSE TRANSFER OF HIRING AUTHORITY FROM THE LIBRARIAN OF CONGRESS TO THE PRESIDENT

S.1010, the Register of Copyrights Selection and Accountability Act, transfers hiring authority for the Register of Copyright from the Librarian of Congress to a Presidential appointment with Senate confirmation. It was sponsored in the 115th Congress by Chuck Grassley (R-IA) and had small, bipartisan support among three cosponsors. The rationale for opposing this is three-fold: 1) it is unnecessary; 2) it would politicize this position; and 3) it would slow the hiring process. ILA opposes such legislation in the 116th Congress.

### SUPPORT STRENGTHENING THE FEDERAL DEPOSITORY LIBRARY PROGRAM

The FDLP Modernization Act, HR 5305, was sponsored by Gregg Harper (R-MS) in the 115th Congress and had bipartisan support among eight cosponsors. This act would update the Federal Depository Library Program (FDLP) to improve public access to government information. The act would provide greater flexibility, facilitate collaboration, streamline program requirements, and allow more libraries to participate in the FDLP, making the program's services more widely available to the public. ILA supports such legislation in the 116th Congress.

Planning Summer Reading and Summer Programming. Interviewing PT AS Associate position.

Patty & I examined Item Request procedures in response to a personal concern mentioned during the 2/20 Board Meeting by Trustee Lezon. We determined that the item requested was ordered and received and Trustee Lezon was notified in an appropriate time frame. Upon further follow-up with Trustee Lezon and Director Whitmer, we discovered that Trustee Lezon had inadvertently blocked the Library on her phone in April 2018. We unblocked the Library from her phone and she received the book after processing the ILL again. According to our records this was the only request processed for Trustee Lezon in the past year.
